

# Memorandum

**Date:** March 3, 2009

**To:** Honorable Chairperson Dennis C. Moss  
and Members, Board of County Commissioners

Agenda Item No. 8(A)(1)(C)

**From:** George M. Burgess  
County Manager

**Subject:** Ratification of Acceptance and Execution of Supplemental Joint Participation Agreement (SJPA) No. 1 in the amount of \$34,000,700.00 with the Florida Department of Transportation (FDOT) for cost associated with the MIA Mover Project

## RECOMMENDATION

It is recommended that the Board approve the attached resolution ratifying the actions of the Mayor's Designee, pursuant to provisions of the Aviation Department's Expedite Ordinance No. 95-64, codified as Section 2-285 (6) of the Miami-Dade County Code, in accepting and executing the attached Supplemental Joint Participation Agreement No. 1 (SJPA) with the Florida Department of Transportation (FDOT) regarding the "MIA Mover Project" at Miami International Airport ("MIA").

Through this supplemental agreement, FDOT is providing an additional \$34,000,700 for a total FDOT participation amount of \$100,527,433.00 towards the County's costs of designing, procuring and constructing the MIA Mover project.

## SCOPE

The project associated with this SJPA No. 1 is located within District Six. However, the impact of this project is Countywide in nature as Miami International Airport is a regional asset.

## FISCAL IMPACT

The MIA Mover project is currently funded through three sources: MDAD revenue bonds, FDOT grants, and a customer facility charge placed on each rental car transaction at MIA. On July 1, 2008, by Resolution R-735-08, the Board awarded a lump sum contract for the design, construction, operation and maintenance of the MIA Mover Automated People Mover System to Parsons-Odebrecht Joint Venture (POJV) in the maximum amount of \$342,278,032.15 for Phase I and Phase II. The Phase I (Capital Project) contract amount is for \$259,441,250 which includes (a) the design, construction, manufacture, supply, installation, testing and commissioning of the fixed facilities for the APM Project that include the MIA Station, guide ways, maintenance and storage facility, and provisions for air conditioned pedestrian corridors with moving walkways connecting the MIA Station to the MIA Terminal and (b) the operating system of the MIA Mover APM system, except for certain facilities to be provided by the FDOT under the MIC Program. Phase II of the contract in the amount of \$82,836,782.15 includes the operations and maintenance of the operating system for the initial five (5) year period of the system, with the County's option to extend it for two five-year periods for an additional ten (10) years in total.

Honorable Chairperson Dennis C. Moss  
and Members, Board of County Commissioners  
Page No. 2

The project's capital cost exceeded the allocation in MDAD's capital budget by approximately \$30,000,000. FDOT has agreed to provide additional funding in the amount of \$34,000,700 for the project, as set forth in the attached Supplemental JPA No. 1. The additional funding of \$34,000,700 brings FDOT's total funding for this project to \$100,527,433.00. The additional FDOT funding consists of reprioritizing and reprogrammed existing Aviation Work Program projects funds. Funding will be disbursed as follows: \$11,698,000 in FY 2010, \$11,434,000 in FY 2011 and \$10,868,700 in FY 2012.

### **PROJECT MONITOR**

The project is co-managed by Pedro Hernandez, P.E., Division Director of Civil Environmental Engineering and Franklin Stirrup, P.E., MDAD Project Manager. The SJPAs are managed by Norma Mata, Chief of Aviation Grants.

### **BACKGROUND**

The scope of the MIA Mover project consists of the design, construction, operation and maintenance of an elevated landside automated people mover system. The system will provide a convenient and reliable means for transporting passengers between MIA and the Miami Intermodal Center (MIC) which includes the Consolidated Rental Car Facility (RCF) currently under construction by the FDOT. The MIA Mover is a critical link between MIA and the MIC which makes the MIC economically viable. Once the MIA Mover is in operation, there will be fewer vehicles on the MIA access roads which will reduce greenhouse gas emissions and improve MIA's air quality.

As reported to this Board on July 1, 2008, the project capital cost exceeded the allocation in MDAD's capital budget by approximately \$30,000,000. At the time, we reported that we intended to fund this gap by a combination of additional FDOT grants and increased Customer Facilities Charges and that any shortfall would be funded from airport revenue bonds.

By this Supplemental Joint Participation Agreement No. 1, FDOT has offered additional funds in the amount of \$34,000,700 to fully fund for the increase in the capital cost for Phase I of this project. It is therefore recommended that the Board ratify the Mayor's Designee's actions in accepting and executing the FDOT SJPAs No. 1 40556519401 agreement for the MIA Mover APM System.

THIS AGREEMENT, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_, by and between the STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION, an agency of the State of Florida, hereinafter referred to as the Department, and Miami-Dade County Florida by and through Miami-Dade Aviation Depart P.O. Box 526624 Miami, Florida 33152-6624 hereinafter referred to as Agency.

WITNESSETH:

WHEREAS, the Department and the Agency heretofore on the 15th day of June, 2005, entered into a Joint Participation Agreement; and

WHEREAS, the Agency desires to accomplish certain project items as outlined in the Attachment "A" appended hereto; and

WHEREAS, the Department desires to participate in all eligible items for this project as outlined in Attachment "A" for a total Department Share of \$100,527,433.00

NOW, THEREFORE THIS INDENTURE WITNESSETH: that for and in consideration of the mutual benefits to flow from each to the other, the parties hereto agree that the above described Joint Participation Agreement is to be amended and supplemented as follows:

**1.00 Project Description:** The project description is amended

The purpose of this Agreement is to provide additional funding for the design, construction, manufacture, supply, installation, testing, demonstration and commissioning of the initial system of the MIA Mover APM System. This is a Multi-Year Project and additional funding is currently programmed in State Fiscal Year (SFY) 2010 through SFY 2012. Therefore, subsequent funding will be added to the Agreement by the Department at the beginning of each SFY IAW state legislative appropriation for the SFY. Exhibit "C" of the Agreement is modified to include the following requirements:

- 1) The agency shall obtain prior written concurrence from the Department for any third party contracts exceeding \$25,000. Failure to obtain prior written concurrence will result in non-payment by the Department.
- 2) The agency shall provide District Office with quarterly reports on project and construction progress. Quarterly reports must be in a format and media acceptable by the Department. Failure to provide quarterly reports may delay invoice payment by the Department.
- 3) The Agency is responsible for the maintenance, security and operation of the facility.
- 4) The reference to obsolete Rule Chapter 14-55 F.A.C is replaced with Rule Chapter 14-15.017 F.A.C.
- 5) Funds encumbered for this contract will be forfeited if not expended by March 31 of the fifth fiscal year following the fiscal year of encumbrance. Forfeiture of said funds may further result in termination or voidance of the contract.
