

Memorandum

Date: June 2, 2009

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

Agenda Item No. 8(J)(1)(B)

From: George M. Burgess
County Manager

Subject: Resolution Authorizing the Execution of a Joint Participation Agreement (JPA) Agreement with the Florida Department of Transportation (FDOT) to Provide State Funding from its State Transit Corridor Program Funds to Implement a New Express Bus/Bus Rapid Transit (BRT) Service From Downtown Miami to Broward County in the Amount of \$441,246

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the execution of a Joint Participation Agreement (JPA) in substantially the form attached, with the Florida Department of Transportation (FDOT) to provide \$441,246 in State funds from its Transit Corridor Program funds to implement a new express Bus/Bus Rapid Transit (BRT) service from downtown Miami to Broward County, inclusive of a portion of the newly-opened I-95 High Occupancy Toll (HOT) or "Special Use" lanes on I-95. It is further recommended that the Board authorize the receipt and expenditure of funds as specified in this agreement.

SCOPE

These funds provide support for a major bus corridor along I-95, so the impact of this JPA is countywide.

FISCAL IMPACT/FUNDING SOURCE

No local match is required for this JPA. Under the State Transit Corridor Program, FDOT is providing \$441,246 to Miami-Dade Transit (MDT) to implement a new express Bus/BRT service. The funds provided by FDOT represent the non-federal share for this project. Federal Congestion Mitigation (CM) funds of \$1,764,985 to be transferred from the Federal Highway Administration (FHWA) to the Federal Transit Administration (FTA) and provided to MDT through an FTA grant will provide another portion of the balance for operating and maintenance expenses for a total of \$2,206,231.

While not part of this JPA, FDOT has programmed, with concurrence from the Metropolitan Planning Organization (MPO), relatively similar amounts in support of this route during the next two years—with additional operating support provided from future CM funds to be transferred from FHWA to FTA. CM funding will be used for the first three years as a demonstration project. It is then anticipated that the State will begin funding the entire cost from the Toll Revenues and other sources.

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with FDOT over the course of more than twenty-five (25) years. The project manager for this grant application is Doug Greist, Manager, MDT Grants Administration.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities beyond that specified in the resolution which include authority for the Mayor, or Mayor's designee, to execute the agreement and receive and expend these and any additional funds should they become available.

BACKGROUND

Chapter 341 of the Florida Statutes provides State Transit Corridor funding to relieve traffic congestion and improve road capacity within identified transportation corridors by increasing people-carrying capacity of the system through the use and facilitated movement of high-occupancy conveyances.

The new BRT bus service will extend between downtown Miami and two park & ride lots in Broward County—initially to Sheridan Street with a future service to Broward Boulevard (service date to Broward Blvd. is yet to be determined). The BRT is a strategy to offer an alternative to automobile travel to accommodate peak-period commuters. As a result, the principal goal of this express BRT component is to provide one seat, seamless regional express connection (without transfers) bus service between Miami-Dade County and Ft. Lauderdale/Hollywood, Broward County along I-95.

Currently, the Miami-Dade Bus service on I-95 (Route 95) only runs from Golden Glades Interchange to downtown Miami and the Civic Center-area with five minute headways during peak periods. This service will continue to operate.

Until the HOT lanes are completed in Broward County, buses will use the existing HOV lanes north of the Golden Glades Interchange. Funding to construct the HOT lanes north, up to Broward Boulevard, has not yet been identified in the State's Work Program. Please note the attached proposed JPA reflects an operating and maintenance cost of \$3.9 million rather than approximately \$2.2 million due to the inclusion in the scope of additional future service to Broward Boulevard which will not occur at this time. The operating and maintenance costs of approximately \$2.2 million will provide service to Sheridan Street.

The proposed service, for the initial operation of the BRT service will be every 15 minutes during weekday rush hours only and should commence in December, 2009. The buses which will be operating on this route will be primarily 60-foot hybrid buses purchased with \$13.8 million in FTA funds under FTA's Urban Partnership Program (provided for approval under separate cover at the May 5, 2009 Board meeting). MDT expects to place these buses in service by the Summer of 2010. However, in the interim MDT's existing fleet of 40-foot buses will service the route. As previously noted, the operating and maintenance cost of this introductory service, which will continue through the construction of the HOT lanes in Broward County, is approximately \$2.2 million per year. The operating plan is still being developed for this project.

8.26 Federal Participation (If Applicable): Any federal agency providing federal financial assistance to the project suspends or terminates federal financial assistance to the project. In the event of suspension or termination of federal financial assistance, the Agency will reimburse the Department for all disallowed costs, including any and all federal financial assistance as detailed in Exhibit "B."

8.30 Disallowed Costs: In determining the amount of the payment, the Department will exclude all projects costs incurred by the Agency prior to the effective date of this Agreement, costs which are not provided for in the latest approved budget for the project, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department.

8.40 Payment Offset: If, after project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this agreement, the Department may offset such amount from payments due for work or services done under any public transportation joint participation agreement which it has with the Agency owing such amount if, upon demand, payment of the amount is not made within sixty (60) days to the Department. Offsetting amounts shall not be considered a breach of contract by the Department.

9.00 Termination or Suspension of Project:

9.10 Termination or Suspension Generally: If the Agency abandons or, before completion, finally discontinues the project; or if, by reason of any of the events or conditions set forth in Sections 8.21 to 8.26 inclusive, or for any other reason, the commencement, prosecution, or timely completion of the project by the Agency is rendered improbable, infeasible, impossible, or illegal, the Department will, by written notice to the Agency, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or the Department may terminate any or all of its obligations under this Agreement.

9.11 Action Subsequent to Notice of Termination or Suspension. Upon receipt of any final termination or suspension notice under this paragraph, the Agency shall proceed promptly to carry out the actions required therein which may include any or all of the following: (1) necessary action to terminate or suspend, as the case may be, project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the basis of which the financing is to be computed; (2) furnish a statement of the project activities and contracts, and other undertakings the cost of which are otherwise includable as project costs; and (3) remit to the Department such portion of the financing and any advance payment previously received as is determined by the Department to be due under the provisions of the Agreement. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and budget as approved by the Department or upon the basis of terms and conditions imposed by the Department upon the failure of the Agency to furnish the schedule, plan, and budget within a reasonable time. The approval of a remittance by the Agency or the closing out of federal financial participation in the project shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

9.12 The Department reserves the right to unilaterally cancel this Agreement for refusal by the contractor or Agency to allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, F.S. and made or received in conjunction with this Agreement.

Failure to obtain such approval shall be sufficient cause for nonpayment by the Department as provided in Section 8.23. The Department specifically reserves unto itself the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of the same.

12.20 Compliance with Consultants' Competitive Negotiation Act: It is understood and agreed by the parties hereto that participation by the Department in a project with an Agency, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the Agency complying in full with provisions of Chapter 287, F.S., Consultants' Competitive Negotiation Act. The Agency will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, age, creed, color, sex, or national origin. Such action shall include, but not be limited to, the following: Employment upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Agency shall insert the foregoing provision modified only to show the particular contractual relationship in all its contracts in connection with the development or operation of the project, except contracts for standard commercial supplies or raw materials, and shall require all such contractors to insert a similar provision in all subcontracts, except subcontracts for standard commercial supplies or raw materials. When the project involves installation, construction, demolition, removal, site improvement, or similar work, the Agency shall post, in conspicuous places available to employees and applicants for employment for project work, notices to be provided by the Department setting forth the provisions of the nondiscrimination clause.

13.20 Title VI - Civil Rights Act of 1964: Execution of this Joint Participation Agreement constitutes a certification that the Agency will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d, et. seq.), the Regulations of the Federal Department of Transportation issued thereunder, and the assurance by the Agency pursuant thereto.

13.30 Title VIII - Civil Rights Act of 1968: Execution of this Joint Participation Agreement constitutes a certification that the Agency will comply with all the requirements imposed by Title VIII of the Civil Rights Act of 1968, 42 USC 3601, et seq., which among other things, prohibits discrimination in housing on the basis of race, color, national origin, creed, sex, and age.

13.40 Americans with Disabilities Act of 1990 (ADA): Execution of this Joint Participation Agreement constitutes a certification that the Agency will comply with all the requirements imposed by the ADA (42 U.S.C. 12102, et. seq.), the regulations of the federal government issued thereunder, and the assurance by the Agency pursuant thereto.

13.50 Prohibited Interests: The Agency shall not enter into a contract or arrangement in connection with the project or any property included or planned to be included in the project, with any officer, director or employee of the Agency, or any business entity of which the officer, director or employee or the officer's, director's or employee's spouse or child is an officer, partner, director, or proprietor or in which such officer, director or employee or the officer's, director's or employee's spouse or child, or any combination of them, has a material interest.

"Material Interest" means direct or indirect ownership of more than 5 percent of the total assets or capital stock of any business entity.

The Agency shall not enter into any contract or arrangement in connection with the project or any property included or planned to be included in the project, with any person or entity who was represented before the Agency by any person who at any time during the immediately preceding two years was an officer, director or employee of the Agency.

14.10 Environmental Pollution: Execution of this Joint Participation Agreement constitutes a certification by the Agency that the project will be carried out in conformance with all applicable environmental regulations including the securing of any applicable permits. The Agency will be solely responsible for any liability in the event of non-compliance with applicable environmental regulations, including the securing of any applicable permits, and will reimburse the Department for any loss incurred in connection therewith.

14.20 Department Not Obligated to Third Parties: The Department shall not be obligated or liable hereunder to any party other than the Agency.

14.30 When Rights and Remedies Not Waived: In no event shall the making by the Department of any payment to the Agency constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist, on the part of the Agency, and the making of such payment by the Department while any such breach or default shall exist shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.

14.40 How Agreement Is Affected by Provisions Being Held Invalid: If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance the remainder would then continue to conform to the terms and requirements of applicable law.

14.50 Bonus or Commission: By execution of the Agreement the Agency represents that it has not paid and, also, agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.

14.60 State or Territorial Law: Nothing in the Agreement shall require the Agency to observe or enforce compliance with any provision thereof, perform any other act or do any other thing in contravention of any applicable State law: Provided, that if any of the provisions of the Agreement violate any applicable State law, the Agency will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the Agency to the end that the Agency may proceed as soon as possible with the project.

14.70 Use and Maintenance of Project Facilities and Equipment: The Agency agrees that the project facilities and equipment will be used by the Agency to provide or support public transportation for the period of the useful life of such facilities and equipment as determined in accordance with general accounting principles and approved by the Department. The Agency further agrees to maintain the project facilities and equipment in good working order for the useful life of said facilities or equipment.

14.71 Property Records: The Agency agrees to maintain property records, conduct physical inventories and develop control systems as required by 49 CFR Part 18, when applicable.

14.80 Disposal of Project Facilities or Equipment: If the Agency disposes of any project facility or equipment during its useful life for any purpose except its replacement with like facility or equipment for public transportation use, the Agency will comply with the terms of 49 CFR Part 18 relating to property management standards. The Agency agrees to remit to the Department a proportional amount of the proceeds from the disposal of the facility or equipment. Said proportional amount shall be determined on the basis of the ratio of the Department financing of the facility or equipment as provided in this Agreement.

14.90 Contractual Indemnity: To the extent provided by law, the Agency shall indemnify, defend, and hold harmless the Department and all of its officers, agents, and employees from any claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Agency, its agents, or employees, during the performance of the Agreement, except that neither the Agency, its agents, or its employees will be liable under this paragraph for any claim, loss, damage, cost, charge, or expense arising out of any act, error, omission, or negligent act by the Department or any of its officers, agents, or employees during the performance of the Agreement.

When the Department receives a notice of claim for damages that may have been caused by the Agency in the performance of services required under this Agreement, the Department will immediately forward the claim to the Agency. The Agency and the Department will evaluate the claim and report their findings to each other within fourteen (14) working days and will jointly discuss options in defending the claim. After reviewing the claim, the Department will determine whether to require the participation of the Agency in the defense of the claim or to require that the Agency defend the Department in such claim as described in this section. The Department's failure to promptly notify the Agency of a claim shall not act as a waiver of any right herein to require the participation in or defense of the claim by Agency. The Department and the Agency will each pay its own expenses for the evaluation, settlement negotiations, and trial, if any. However, if only one party participates in the defense of the claim at trial, that party is responsible for all expenses at trial.

After resolution of these comments and recommendations to the Department's satisfaction, the Department will issue to the Agency written approval with said remainder of the project. Failure to obtain this written approval shall be sufficient cause for nonpayment by the Department as provided in 8.23.

16.00 Project Completion, Agency Certification: The Agency will certify in writing on or attached to the final invoice, that the project was completed in accordance with applicable plans and specifications, is in place on the Agency facility, that adequate title is in the Agency and that the project is accepted by the Agency as suitable for the intended purpose.

Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of 25,000 dollars and which have a term for a period of more than 1 year."

18.00 Expiration of Agreement: The Agency agrees to complete the project on or before 6/30/11. If the Agency does not complete the project within this time period, this Agreement will expire unless an extension of the time period is requested by the Agency and granted in writing by the DISTRICT SECRETARY OR DESIGNEE. Expiration of this Agreement will be considered termination of the project and the procedure established in Section 9.00 of this Agreement shall be initiated.

18.10 Final Invoice: The Agency must submit the final invoice on this project to the Department within 120 days after the expiration of this Agreement. Invoices submitted after the 120 day time period will not be paid.

19.00 Agreement Format: All words used herein in the singular form shall extend to and include the plural. All words used in the plural form shall extend to and include the singular. All words used in any gender shall extend to and include all genders.

20.00 Execution of Agreement: This Agreement may be simultaneously executed in a minimum of two counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one in the same instrument.

21.00 Restrictions on Lobbying:

21.10 Federal: The Agency agrees that no federal appropriated funds have been paid or will be paid by or on behalf of the Agency, to any person for influencing or attempting to influence any officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement.

If any funds other than federal appropriated funds have been paid by the Agency to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Joint Participation Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

The Agency shall require that the language of this section be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

21.20 State: No funds received pursuant to this contract may be expended for lobbying the Legislature or a state agency.

22.00 Vendors Rights: Vendors (in this document identified as Agency) providing goods and services to the Department should be aware of the following time frames. Upon receipt, the Department has five (5) working days to inspect and approve the goods and services unless the bid specifications, purchase order or contract specifies otherwise. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.

If a payment is not available within 40 days after receipt of the invoice and receipt, inspection and approval of goods and services, a separate interest penalty in accordance with Section 215.422(3)(b), F.S. will be due and payable, in addition to the invoice amount to the Agency. The interest penalty provision applies after a 35 day time period to health care providers, as defined by rule. Interest penalties of less than one (1) dollar will not be enforced unless the Agency requests payment. Invoices which have to be returned to an Agency because of vendor preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. The Vendor Ombudsman may be contacted at (850) 413-5516 or by calling the Department of Financial Services Hotline, 877-693-5236.

PROPOSED PROJECT DESCRIPTION I-95 EXPRESS

Miami Dade Transit will implement new express Bus/BRT service within the portions of the newly-converted I-95 High Occupancy Toll (HOT) lanes that extend between downtown Miami to two (2) Park & Ride Lots located at Broward Blvd. and Sheridan Street in Broward County.

Miami Dade Transit will operate Bus Rapid Transit (BRT) on I-95 HOT lanes. Bus Rapid Transit (BRT) is a strategy to offer a more attractive alternative to automobile travel and to accommodate peak-period commuters who switch to transit in response to the implementation of congestion pricing. In addition, the transit program is an effort/plan to mitigate any adverse impacts to tolling on low income drivers. BRT can help address these equity concerns. As a result, the principle goal of the 95 Express BRT component is to provide seamless regional express bus service between Miami (Miami-Dade County) and Ft. Lauderdale/Hollywood (Broward County) along I-95.

This service will be in addition to the existing service provided by MDTA on I-95 currently runs between the Golden Glades Interchange and Downtown Miami on five (5) minutes headways during peak periods.

The proposed service is as follows:

Proposed Span of Services:	5:30 a.m. to 9:00 p.m., seven days
Weekday Service Headway:	7.5 minutes, combined from two locations
Midday Peak Headway:	60 minutes
Type of Buses Operated:	13 - 40 foot vehicles, average sitting capacity of 45

The Operating and Maintenance Cost for the 95 Express improvements is approximately \$3.9 million/year.

The 95 Express will provide seamless connections without transfers for commuters riding the bus between Miami Dade and Broward County. Currently, the Miami Dade Bus service on I-95 only runs from downtown Miami to Golden Glades Interchange and nearby neighborhoods in northern Miami Dade County. North-south Routes in Broward County run from Ft. Lauderdale to the Golden Glades Interchange.

Legislative Notes

Agenda Item: 8J1B
File Number: 091313
Committee(s) of Reference: Board of County Commissioners
Date of Analysis: May 18, 2009
Type of Item: Joint Participation Agreement

Summary

This item approves a Joint Participation Agreement (JPA) between Miami-Dade County and the Florida Department of Transportation. The agreement states that in exchange for state funds, the County will implement and operate a new express Bus Rapid Transit (BRT) service from Downtown Miami Central Business District to Broward County.

The new route will run from Downtown Miami to the Sheridan Street park and ride lot in Broward County. According to the Manager's Memo, future service may include a park and ride lot on Broward Blvd. The new route will use the newly created express "HOT" lanes on I-95.

According to MDT staff, the proposed route was created as part of the Urban Partnership Agreement with the FTA in an effort to mitigate traffic congestion and provide commuters the option of using the managed lanes on I-95 via the bus system without having to pay tolls.

Projected Boardings

MDT estimates that the new route will have 1,600 boardings, per day.

Policy Change and Implication

The new route which will be funded through this JPA will represent the first time Miami-Dade Transit has serviced a bus stop this far into Broward County.

Fare Structure

Question: Is the department considering charging an additional fare for this route since this route goes farther into Broward than any previous MDT route, which will increase MDT's gas costs and the wear and tear on MDT buses?

Answer: No, the fare will remain the same as the current express fare; **\$2.35, one-way.**

Budgetary Impact

Through this resolution, the County will receive \$441,246 from the FDOT State Transit Corridor Program. Further funding is expected from the FTA to operate the route for a total of \$2.2 million, according to the Manager's Memo.
